**CUSTOMER OWNED BACKUP GENERATION  
SCHEDULE CBG**

Availability

This rate is available only to Member-Consumers served under Schedules LG, LPTOD, or PSDS who own and operate the generating unit(s) having a total on site capacity of 100 kW or greater which can be called upon from time to time by Wolverine Power Supply Cooperative, Presque Isle's power supplier, to provide backup. This rate schedule is not intended for seasonal loads, nor is it intended for Member-Consumers served under the interruptible PSDS Rate.

Monthly Rate

The Member-Consumer shall be billed under either Schedule LG, LPTOD, or PSDS as appropriate, adjusted for the following credit:

Demand Charge Credit @ \$2.50/kW

The Demand Charge Credit will be applied to the lesser of:

1. The average Monthly Billing Demand of the retail Member-Consumer for the most recent December, January, and February billings. In instances where the retail Member-Consumer is billed under a Large Power Time-of-Day rate, or its equivalent, the term "Billing Demand" shall refer to the Peak Period Demand.
2. The actual amount of load interrupted as determined by a test in accordance with the Conditions For Service From this Schedule, paragraph 4.

Conditions for Service From This Schedule

This service schedule shall be available for service to members of Presque Isle who own and operate generating units which can be used by Wolverine as backup and which meet the following criteria:

1. The output from the retail Member-Consumer-owned generating unit(s) shall be separately metered with a recording watt-hour demand meter using either magnetic tape or electronic memory for recording data.
2. The total rated capacity of the retail Member-Consumer-owned generating unit(s) on each site must be 100 kW or greater.
3. The retail Member-Consumer-owned generating units must be capable of:

7. Being brought on line by control or command from Wolverine's system Control Center;
  8. Being brought on line in 30 minutes or less; and
  9. Being run to give extended load relief over a period of at least twelve hours.
4. Wolverine may request operation of the retail Member-Consumer-owned generating unit(s) served under this rate at its own discretion.
10. Wolverine may call upon the Member-Consumer-owned generating units up to four times each year to test the capability and reliability of the unit(s) in order to demonstrate that the capacity will be available when called upon.
  11. Request for operation of the backup generating unit(s) during emergency interruptions shall not be limited to a specific number of occurrences. Total requests for operation excluding emergency will not exceed 200 hours in a calendar year.
5. Wolverine reserves the right to remove a Member-Consumer from this program if, in the Cooperative's sole judgment, Wolverine cannot rely on the Member-Consumer-owned generating capacity being available when called upon.

Safety And Reliability Requirements

The Member-Consumer-owned generating unit(s) shall not be operated in parallel with the Cooperative's distribution system. When the Member-Consumer is called upon by Wolverine to operate the generating unit(s), the Member-Consumer shall separate its load from the Cooperative's system.

Contracts

A contract shall be required for each Member-Consumer under this rate. The Cooperative reserves the right to require service contracts covering terms and nature of service in cases where special services are required, or where investment by the Cooperative is in excess of that provided for without contribution toward construction by the Member-Consumer in the Cooperative's Standard Rules and Regulations.

Rules And Regulations

Service is governed by the Cooperative's Standard Rules and Regulations.
