
CONTROLLED HEATING SERVICE
SCHEDULE CH

Availability:

Available to Member-Consumers of the Cooperative already taking monthly service concurrently under Rate Schedules A or GS **who were enrolled under Rate Schedule CH prior to July 31, 2015 provided the heating system in place at the time of enrollment was electric and the First Revised system remains in place.** This rate is for controlled service to space heating loads, storage domestic water heating loads and associated air conditioning loads which are controlled by the Cooperative. Service is subject to the established rules and regulations of the Cooperative. A Member-Consumer Service Agreement is required for service under this schedule. The Cooperative may charge the Member-Consumer an amount not to exceed the actual cost of the equipment necessary to provide the service.

This rate is not transferrable and will expire upon the occurrence of any one of the following events affecting the Member-Consumer currently taking monthly service: disconnection for failure to pay a delinquent account, death, sale or transfer of ownership to anyone other than the surviving spouse.

Type of Service:

Alternating current, 60 hertz, at approximately 120/240 volts, single phase, three-wire, separately metered subject to service availability as follows:

Option No. 1 - Storage Heating

This option is available for electric space heating loads with sufficient heat storage capacity to withstand extended daily control of the electric supply. This option is also available to domestic storage water heaters. Domestic storage water heaters must have a minimum storage capacity of 100 gallons and a minimum heating capacity of 4,500 watts. Service under this option is available only between the hours of 10:00 pm to 7:00 am.

Option No. 2 - Dual Fuel Heating

This option is available for electric space heating loads when used in conjunction with an alternate fuel heating system. The alternate fuel heating system must be capable of supplying the heating requirements of the Member-Consumer when the electrical supply is controlled. Service under this option is available for all hours except when controlled by the Cooperative. The number of hours when service is controlled shall not exceed 400 hours per heating season or 8 hours per 24 hour period.

Option No. 3 - Air Conditioning

This option is available for air conditioning loads when used in conjunction with one of the two options of controlled space heating load listed above. Service under this option is available for all hours except when controlled by the Cooperative. The number of hours when service is controlled shall not exceed 200 hours per cooling season.

Monthly Rate

Distribution Charges: As set forth in Schedule A or GS, whichever is applicable.

Energy Optimization Surcharge:

This service is subject to the Energy Optimization Surcharge shown on Sheet No. D-1.03.

Energy Charge: As set forth in Schedule A or GS, whichever is applicable, including the power supply cost recovery provision, discounted at 3 cents per kWh.

Terms of Payment

This rate schedule is subject to the terms of payment as set forth on the concurrent rate schedule that qualifies the Member-Consumer for service.

Michigan State Sales Tax

Michigan State Sales Tax shall be added on all bills, including minimums, where applicable.

Tax Adjustments

A. Bills shall be increased within the limits of political subdivisions which levy special taxes, license fees or rentals against the Cooperative's property, or its operations, or the production and/or sale of electric energy, to offset such special charges and thereby prevent other Member-Consumers from being compelled to share such local taxes.

B. Bills shall be increased to offset any new or increased specific tax or excise imposed by any governmental authority which increases the Cooperative's cost of providing electric energy.
