PIE&G natural gas rates and charges are not regulated by the Michigan Public Service Commission.

Presque Isle Electric & Gas Co-op is an equal opportunity provider and employer.

# AMI Update

**S**ince May of 2021, PIE&G has implemented Advanced Metering Infrastructure (or AMI) upgrades to approximately 13,000 residential electric meters, or about one-third of its total electric services. The Co-op has approximately 22,000 electric AMI meters yet to be deployed, as well as an additional 8,000 AMI modules to be installed on its natural gas meters. The custom natural gas modules will be mounted onto the existing gas meters to allow for remote meter readings.

Work on advanced metering technology for electric and natural gas infrastructure is expected to continue throughout 2022. Deployment of additional electric AMI meters will resume beginning in March or April. PIE&G continues to face some of the similar delays that other businesses are experiencing—namely material shortages and lack of product availability in the supply chain. Material shortages are expected to continue in 2022. Weather and other unforeseen issues may also affect the technology deployment schedule.

**A friendly reminder to members to please continue to read and report your meter readings until the meter reading boxes on your billing stub have been removed.** You may submit meter readings several ways—by writing them on your billing stub and returning them with your payment, by entering them using our Pay-By-Phone service at 866-999-4571, or by using SmartHub (online at pieg.com or with our free mobile app).

As always, our member service representatives are available to assist you during office hours Monday through Friday from 8 a.m. to 4:30 p.m. Call 800-423-6634 or visit us at our new headquarters office at 3149 State Street (M-211) in Onaway.

## Notice to Members of Presque Isle Electric & Gas Co-op

### A special board meeting is set for March 29, 2022, 9 a.m., at the cooperative's Onaway office

The board of directors will consider changes to the cooperative's rates and tariffs at its special meeting on March 29, 2022, to be held at 3149 Main Street, Onaway, Michigan. The meeting will start at 9 a.m. and is open to all Presque Isle Electric & Gas Co-op members.

The session will begin with an opportunity for members to provide direct input to the board of directors. Members are asked to call the cooperative one week prior to the meeting if they wish to attend. Time constraints on each member's comments will be at the discretion of the board chairman, but members are asked to keep comments to less than five minutes.

The following items will be discussed:

1. Reconciliation of the 2021 Power Supply Cost Recovery Factor collections.
2. Review and approval of the 2021 Electric Times Interest Earned Ratio (TIER) analysis.
3. Consideration of adjustments to Electric Rates.
4. Consideration of adjustments to Special Charges
5. Consideration of revisions to the cooperative's billing rules.

Notices of changes or additions to the cooperative's rates or service rules shall be sent to all members, as required by P.A. 167, by first-class mail or by publication in Michigan Country Lines at least 30 days prior to their effective date.

**Participation:** Any interested member may attend, and to participate, should contact Presque Isle Electric & Gas Co-op at 800-423-6634 a week in advance. Comments may also be made before the meeting date by calling CEO Thomas Sobeck at 800-423-6634 or emailing at tsobeck@pieg.com.
