

Notice to Members of Presque Isle Electric & Gas Co-op A Special Board Meeting is set for Sept. 27 at 9:30 a.m.

The board of directors will consider changes to the cooperative's rates and tariffs at its special meeting on Sept. 27, 2022, to be held at the cooperative's office at 3149 Main Street, Onaway, Michigan. The meeting will start at 9:30 a.m. and is open to all Presque Isle Electric & Gas Co-op members.

The following items will be discussed:

- The board will establish the 2023 Power Supply Cost Recovery Factor, to be applied to the cooperative's retail member-consumers' kilowatt-hour use. The Power Supply Cost Recovery (PSCR) Factor represents the power supply costs established by the cooperative in conjunction with Wolverine Power Cooperative. The factor is established annually and reviewed monthly; and
- Consideration of revisions to the cooperative's billing rules.

Notices of changes or additions to the cooperative's rates or service rules shall be sent to all members, as required by P.A. 167, by first-class mail or by publication in Michigan Country Lines at least 30 days prior to their effective date.

Participation: Any interested member may participate and should contact Presque Isle Electric & Gas Co-op at 800-423-6634 a week in advance to request information. Comments may be made before the meeting date by calling CEO Thomas Sobeck at 800-423-6634 or emailing at tsobeck@pieg.com.

Public Act 295 as amended: The Clean and Renewable Energy and Energy Waste Reduction Act

2021 Energy Waste Reduction Annual Report Presque Isle Electric and Gas Co-op MPSC Case Number U-20386

Presque Isle Electric and Gas Co-op contracted with the Michigan Electric Cooperative Association (MECA) to administer the Energy Waste Reduction (EWR) efforts to comply with PA-295 as amended. MECA filed a two-year EWR plan with the Michigan Public Service Commission (MPSC) on July 28, 2019, as required by PA 295 as amended. This EWR plan was approved by the MPSC on Dec. 8, 2019, and we began implementing our 2020–2021 EWR Plan on Jan. 1, 2020. WECC was selected to implement all Residential, Commercial/Industrial Programs, and the Energy Waste Reduction website, www.michigan-energy.org. Slipstream has subcontracted with WES Utility Services, Michigan Energy Options, ES Contracting, and Nuwati, LLC to assist with the implementation of the EWR programs. MECA contracted with DNV-GL as the independent third-party evaluation contractor for the certification of kWh savings.

In 2021, Presque Isle Electric and Gas Co-op collected \$564,102 through the Energy Waste Reduction Surcharge and spent \$603,468, resulting in an under-collection of \$39,366. Presque Isle Electric and Gas Co-op achieved 2,987 MWh of energy savings in 2021 compared to their annual kWh goal of 2,394 MWh. The full report can be obtained at your cooperative's headquarters and at www.michigan-energy.org or <http://efile.mpsc.state.mi.us/efile>.

SEPTEMBER IS BACK
TO SCHOOL MONTH!

Best wishes to all our mini-members
(and parents) for a wonderful school year!
