PIE&G PAYS TAXES TOO

Did you know Presque Isle Electric & Gas Co-op pays property taxes on its main office building and on all poles, underground electric lines and natural gas pipeline? In 2018, PIE&G paid \$1,167,527.73 in property taxes to the various cities and townships served. Currently, PIE&G pays property taxes in 46 townships for natural gas infrastructure and in 61 townships for its electric distribution infrastructure. These taxes do not appear as a line item on your bill, but like all expenses that are required to provide utility service to members, taxes are factored into rates.

LINEWORKERS APPRECIATION DAY

The National Rural Electric Cooperative Association has designated April 8th as National Lineworkers Appreciation Day. PIE&G proudly acknowledges its electric lineworkers and all of its employees – past and present - for their services. According to CEO Tom Sobek, “All of our employees, including electric linemen, work day and night, often in hazardous conditions, to safely restore service. Employees work together and go above and beyond when the power goes out or natural gas service is compromised. I thank and appreciate each and every one of them for their hard work and dedication when our members need them the most.”

SAFETY IN NUMBERS SAVES LIVES & PROPERTY!

9-1-1 calls have faster response time with easy readable street numbers

In an emergency, fire departments, police and EMS may have difficulty finding your house if your address numbers are not easily seen from the street. This delay may be the difference between life and death.

- Numbers should be of **contrasting or reflective colors** to their background and not less than 4 inches in height.
- The proper use and display of street addresses are assigned by your municipality. **Check to be sure you are using the correct street numbers.**
- In the absence of a mailbox, use a post placed adjacent to the driveway, with address numbers showing on both sides.
