

COMMUNITIES FIRST FUND

The PIE&G Communities First Fund was created in 1998. Funds for the program are generated by our members who have volunteered to “round up” their utility bills to the next whole dollar. The average contribution for enrolled monthly accounts is about 50 cents per month, or around \$6 annually. All contributions are tax-deductible.

Please consider participating by printing and filling out the enrollment form or calling our Member Services Department at 1-800-423-6634.

After completing the form, you may drop it off at our office or mail it along with your utility payment to PIE&G, P O Box 308, Onaway, MI 49765. Together, these small donations add up to make a BIG difference in northeast Michigan—over \$1.5 million has been awarded to date! Thank you!
