**APPLICATION:** This application and any required additional documentation, including the invoice, must be filled out completely, truthfully, and accurately. Members are advised to retain a copy of this application and any accompanying documentation submitted to Presque Isle Electric & Gas Co-op under this program. Presque Isle Electric & Gas Co-op and its contractors will not be responsible for lost documentation pertaining to this application request. Details of this program, including rebate levels, are subject to change or cancellation without prior notice. This application with required documentation must be received within 60 days of installation or by December 31, 2024, whichever is earlier. Please visit [www.pieg.com](http://www.pieg.com) for the most up-to-date details. Rebate amount cannot exceed purchase price.

**LIMITED FUNDS:** Funds for rebates are limited and available on a first-come, first-served basis. Rebate amounts are valid through December 31, 2024, unless revised. Presque Isle Electric & Gas Co-op reserves the right to not pay this rebate if funds are not available at the time of application approval, or if the form is not filled out completely and accurately, including all required additional information, and submitted within the required time allowed. Rebate amount may not exceed purchase price.

**ELIGIBILITY:** This offer is valid for Presque Isle Electric & Gas Co-op residential members applying through the Energy Optimization residential rebate program only. Members applying for a rebate must have an active electric account from Presque Isle Electric & Gas Co-op. This offer is not valid for commercial properties. Equipment must be installed in the Presque Isle Electric & Gas Co-op service territory in Michigan only. Eligible equipment can be found on Pages 3–6 of this application. Equipment must be new (not used) to be eligible for rebates, except where noted. Limit one rebate per eligible measure/unit or as noted in each measure section.

**APPROVAL, VERIFICATION, AND INSPECTION:** Prior to any payment of rebates, Presque Isle Electric & Gas Co-op reserves the right to verify sales transactions. Members and/or their contractor will verify that the installed energy saving measures meet all applicable building codes, zoning laws, local, state, and federal requirements, and other relevant requirements. The member/contractor is responsible for any applicable permits as required by aforementioned code/law. Outdoor temperatures may affect this verification process. The member's home may also be selected for a quality control post-installation inspection by Presque Isle Electric & Gas Co-op. No warranty is implied by this inspection.

**PROOF OF PURCHASE:** An invoice or receipt itemizing the purchased equipment must accompany each rebate application form. The receipt must indicate the equipment type, make, model, price, serial numbers, and the date of purchase. For measures requiring licensed contractor installation an invoice from the installing contractor detailing equipment installed must accompany each application.

**PAYMENT:** If project cost is less than standard rebate amount, rebate payment will be pro-rated to be paid in the amount of 100% of the cost. Once completed paperwork is submitted, rebate payments are usually mailed within six to eight weeks. Rebate payments are made by check. Payment processing may take longer if information is missing on the application. The member may authorize payment of the rebate directly to the contractor, if applicable. In this scenario, the credit MUST be clearly labeled as the Energy Optimization program rebate and be deducted from the amount due on the invoice.

**TAX LIABILITY:** Presque Isle Electric & Gas Co-op will not be responsible for any tax liability that may be imposed on the member as a result of the payment of rebates. Please contact your tax advisor for more information.

**NO ENDORSEMENT:** Presque Isle Electric & Gas Co-op does not endorse any particular manufacturer, product, system design, claim, or contractor in promoting this program.

**INFORMATION RELEASE:** The member agrees that Presque Isle Electric & Gas Co-op may include their name, address, account number, services, and resulting energy savings ("Information") in a database hosted by a contractor of Presque Isle Electric & Gas Co-op, and such Information may be included in reports or other documentation submitted to Presque Isle Electric & Gas Co-op, and/or the Michigan Public Service Commission ("Reports"). In addition, the applicant agrees to defend, indemnify, and hold the Electric Cooperative Parties harmless from and against any and all claims, losses, demands, or lawsuits by any third parties arising in connection with this application, the payment or non-payment of rebates, or any work performed in connection with them.
