WHERE WE ARE IN THE PROCESS

1. COSTS SUBMITTED
We've submitted eligible costs to FEMA.

2. FEMA REVIEW
FEMA is reviewing our submissions.

3. OBLIGATION
FEMA commits funds for approved costs and sends to state for review.

4. STATE REVIEW
State reviews all costs and decides on final amount to be allocated to PIE&G.

5. PAYMENT
The state processes the payment to PIE&G.

6. FUNDS RECEIVED
Funds received are applied to the principal and interest of our emergency line of credit (ELOC).

The assistance FEMA provides through its PA Program is subject to a federal cost share, which is not less than 75 percent of the eligible costs, with PIE&G responsible for the remaining 25 percent of recovery costs.

National Cooperative Month - Celebrate with us at our 89th Annual Meeting

October is National Cooperation Month. It is a time when we celebrate the values that sets PIE&G apart. That celebration will culminate with our 89th Annual Membership Meeting on October 23rd. We look forward to hosting the membership at Posen Schools where we'll share important updates on the status of our cooperative and announce the election results for seats on our board of directors.

Join us on October 23, 2026, at Posen High School. Registration begins at 8:30 am, the business meeting begins at 10:00 am. Lunch is provided after the meeting.

Neighbors Helping Neighbors

In August, PIE&G hosted its first Employee Community Volunteer Day, giving team members the opportunity to spend an afternoon supporting organizations in the communities we serve.

Employees volunteered with three local organizations. At the Cheboygan Humane Society, team members helped prepare for the annual garage sale fundraiser and spent time with the animals. At Elk Country Animal Shelter, volunteers helped organize supplies and assist around the shelter. At Lynn Street Manor, employees worked outdoors to weed and clean up flower beds and landscaping.

We are grateful for the time, energy, and care our employees gave throughout the day. Giving back is an important part of who we are as a cooperative, and we are proud to support the communities where we live, work, and serve.

Thank you to our team members who volunteered and helped make our first Community Volunteer Day a success.

Say 'Boo' to High Water Heating Costs.

Heat pump water heaters use less energy and rebates make upgrading easier!

Benefits of upgrading:

- Uses less energy
- Lower operating costs
- Reliable hot water

Heat pump water heaters use advanced technology to move heat rather than generate it, making them one of the most energy-efficient ways to heat water. Presque Isle Electric and Gas is offering a \$100 rebate on qualified models.

Stay Warm This Winter with the Winter Protection Plan

PIE&G's Winter Protection Plan helps protect eligible seniors and low-income members from electric and natural gas service shut offs between November 1 and March 31.

You may qualify if you are age 65 or older, receive Medicaid or Food Assistance, or have a household income at or below 150% of the federal poverty level.

Low-income members must provide proof of eligibility, sign an agreement, and pay at least 7% of their estimated annual bill each month. Senior members age 65 and older must contact PIE&G and sign an agreement and are encouraged to pay what they can during the winter months.

The Winter Protection Plan does not eliminate your balance. At the end of the program, members are responsible for paying the remaining amount due or contacting PIE&G to make additional payment arrangements.

To apply or learn more, call PIE&G at 1-800-423-6634.
